FREQUENTLY ASKED QUESTIONS

Can I increase sessions above my NDIS budget?

Yes, you can add additional sessions with private funding. Many clients do this to increase the intensity of a program. All Links to Life services can be accessed using private funds at the same rates. You will be invoiced directly for these services. Please speak to our Client Services Team if you would like to arrange additional sessions.

Can I continue my program if I have exhausted my current funding and am waiting for the new funding to begin?

Yes, you can continue your program while waiting for new funding, but you will need to cover the interim costs. To help with this, Links to Life offers a budget planning service at the beginning of our intake so you assess if you can co-pay small amounts weekly and spread your funding over the 48 weeks, reducing larger costs at the end whilst you wait for your new plan.

We strongly encourage early NDIS plan renewals to avoid funding gaps. If you choose not to stretch your funding or cannot cover the interim period, we can suspend your program until your new plan is approved.- reach out to our client services team!
